Potential IMACS Enhancements

TRW

San Diego CMT

2/27/01

Potential IMACS Enhancements

- Maintaining Line Item Data
  - Background
    - DR 54738 - When adding info to line items, system automatically reverts back to the first 12 lines…

…And…

    - AI-29-Sacramento CMT - Provide a NEXT option to go directly to next entry line and take cursor back to the entry…

Potential IMACS Enhancements

- Maintaining Line Item Data
  - Advantages
    - To provide user with easier method of adding or updating multiple line items without having to return to DMISA Maintenance window
    - Expedites Line Item entry
    - To return user and highlight the line item to which last operation was performed

Potential IMACS Enhancements

- **Current IMACS window**
